ORGANIZE A GOOD BOARD.

I. F. McINTYRE GENERAL AGENT OF THE Columbia Building & Loan Association, is in the city for the purpose of organizing a local branch here. The Columbia is the largest association in the country and is increasing rapidly, its plan offering great satisfaction, both to investor and borrower. Instead of writing to the home office, when a loan is desired, the local advising board, orders the loan, providing the security is ample, the branch office in Reno, for instance, having exactly the same powers as the main branch in Denver. Red tape and delay are thus entirely done away with. The rate of interest is 3 per cent per annum, payable in 72 monthly payments. Mr. McIntyre will call on our business men in the next few days and it is to be hoped a large local board will be organized. A branch with several hundred shares has just been formed in Winnemucca. je26 1m*

THE ONLY REMEDY.

The Silver State for years has been directing attention to the fact that the population of Nevada was steadily decreasing and that it was folly for its few thousand inhabitants to attempt to maintain a State government modeled after that of States with millions of people. It is now apparent to every intelligent person that a change must be made, and made soon, to save the State from bankruptcy, as the game of placing irredeemable bonds for gold coin in an irreducable school fund is nearly played out. State and county offices must be consolidated and the Legislature reduced from sixty to twenty, or at the most, twenty-five members.

Let the people argue and differ as much as they please on National politics, but unite in electing men to the Executive and Legislative Departments of the State Government who will endeavor to reduce expenses rather than advance party interests by creating places for spoilsmen.—Silver State.

It will be useless to elect such men to the Legislative and Executive Departments with the expectation that they will reduce to any notable extent the present expenses of our State and County governments. It will be simply impossible under our present organic law. The Constitution of the State must be changed before any of the reforms which the Silver State suggests can be brought about. The membership of the Legislature cannot be reduced; State and County offices cannot be consolidated, nor the number of either materially reduced; the Supreme and District Courts cannot be consolidated nor in fact can any important economic reform be inaugurated that will not come in direct conflict with the fundamental law of the State. The Constitution is the instrument which obliges us to "maintain a State government modeled after that of States with millions of people," and there can be no relief until it is set aside and another adopted better fitted to our limited population, resources and depressed financial condition. It is the great and insurmountable barrier, if not to our prosperity, at least to the exercise of such economy as is necessary to avert absolute insolvency and ruin. It is useless to talk about mending matters by judicious legislation for it cannot be done, under the present constitutional restrictions. We must commence at the fountain head where the source of our troubles lie. We must change our organic law in such a manner as to make practicable or possible such legislation as is proposed by the Silver State. This can only be done by the calling of a Constitutional Convention, a proposition which the people will have an opportunity of voting upon at the next election. If it carries, and is followed up by the election of suitable delegates, such obstructions will be removed in the road to economic reform, as will result in lessening our public expenses to fifty per cent. and perhaps less, of present aggregate amount.

According to the report of the interview with Senator Stewart published elsewhere in this issue, that gentleman does not appear very hopeful in regard to the passage of any satisfactory Silver bill during the present session of Congress. The JOURNAL has been of the opinion all along, that the goldites would fight the $4,500,000 purchase measure as bitterly as they did free coinage, although some of our contemporaries seemed to think that it would be tendered to us in such a manner that we could afford to display considerable condescension in accepting it. We opine that they are convinced of their error by this time, and have come to the conclusion that instead of having anything forced upon us, we will have to fight hard for what we get, and that we can afford to be extremely thankful if we get anything worth having.

The way in which the census has been taken has been a source of complaint all over the country, it being claimed nearly everywhere, and especially in the large cities, that a large percentage of the population has been omitted by the enumerators. The nonsensical questions which were propounded, undoubtedly caused many persons to avoid rather than to place themselves in the way of the enumerators. The obstructions which have been placed in the way of the officers, on that account, alone, will probably lessen the aggregate returns at least four or five per cent.

Our Democratic friends appear to have poor success hunting material to fill up their State ticket. So far as heard from no one has expressed his willingness to suffer martyrdom for the cause by accepting a nomination for any position. There appears to be especial difficulty in securing a lamb for gubernatorial slaughter, while the Congressional nomination hasn't thus far presented sufficient attractions to develop a solitary Democratic Barkis. It begins to look as though the Republican nominees would only have to walk over the track, merely as a matter of form.

The Federal Election bill will be opposed by every Democrat and a few Republicans in the House. The Republican disaffection, however, will not be extensive enough to defeat the measure, which will pass by a small majority. Its passage in the Senate is assured and also its approval by the President.

Interest in the case of Mrs. Maybrick, now an inmate of the Working Prison, has been revived by the claim that evidence has been discovered corroborating her version of Mr. Maybrick's death, and that the Home Secretary has promised to give the matter careful consideration.

THE REASON WHY.

The Journal editorially ascribes the defeat of the lottery scheme in this State to the high moral character of a majority of the voters, etc. As a matter of fact, people from all over the State demanded of the Lottery Company that they have a chance to purchase shares at bedrock rates and said in plain English that they would burst the scheme if they were not in.

The lottery Company thought it best not to sell any shares and as a result got snowed under. Had ten thousand shares of stock been sold prior to February 11, the Amendment No. 22 would have been carried by 1,000 majority and everybody knows it. While we are talking about these things let's have the truth.—Appeal.

Rats! There was enough stock promised before the passage of the special election law, if issued in single shares, to have carpeted the floors of both of the legislative chambers, and enough before the election to have papered the biggest assembly hall in this State. The truth is a majority of the best element in both parties combined against the scheme, voted against and defeated it. While it is true that some of our prominent, and in some respects best citizens were interested in the enterprise and vigorously supported it at the election, the result was none the less a victory for the moral sentiment of the State and a certification of the political integrity of a majority of its people. The purchasable element in Nevada has been largely overestimated. In ordinary political contests it has generally voting strength enough to insure the success of the sack candidates, by its addition to the greater number of votes cast from honest political convictions. But when it comes to an issue like the *lottery scheme*, with no political principle to sustain it, that element becomes powerless as against the majorities of the two parties, who cast their votes in the interest of good morals and for the maintenance of the credit and reputation of their State. That's "the reason why" Amendment No. 22 was defeated on the 11th day of February, A. D. 1889.

"CALL YOU THIS BACKING YOUR FRIENDS."

One of the Pennsylvania Republican Senators, Don Cameron, is a railroad man and is five-times millionaire, but he voted for free coinage, and the State Republican Convention of Pennsylvania passed strong resolutions in favor of the remonetization of silver. On the other hand the resolutions of the Democratic State Convention adopted yesterday contain no word of reference to the silver question. The Keystone Democrats did resolute til the cows come home" on every conceivable subject, except the white metal, and they do not fail to "point with pride" to Cleveland and endorse all his acts—hostility to free coinage included, but they are mum upon the silver question. The Western Democrats who have labored so faithfully, not only to carry free coinage but to make points against Republicans who voted against it, will now find it in order to say to their Eastern brethren:

"I suppose it was right to dissemble your love,
But why did you kick me down stairs?"

If Nevada, says the Silver State, hopes to maintain Statehood it must remodel its Constitution, abolish unnecessary offices and reduce expenses at the earliest possible day.

Tom Fitch thinks that the silver men ought to have begun the silver fight before the Speaker was elected. Fitch is dead right, the gold bugs begun their fight early enough. "They keep a movin'," they do.—Appeal.

Kerr's Case Continued.

Special to the JOURNAL.

SAN FRANCISCO, July 2,—When the case of James W. Kerr, the foundryman who shot and killed Edward Coogan a molder's apprentice, was called for examination in Judge Lawler's court this afternoon, a motion for another continuance until to-morrow afternoon was granted as the testimony taken at the inquest has not all been transcribed. The matter of admitting Kerr to bail was argued and taken under advisement.

English Freemasons.

Special to the JOURNAL.

LONDON, July 2.—The various Freemason Lodges in the province of Berks and Bucks were on their own request separated to-day by order of the Prince of Wales, the Grand Master. The Prince also installed the Duke of Clarence and Avondale, who has been appointed Provincial Grand Master of Berks. The province of Bucks will at present remain in charge of Rev. J. Studdhue Brownrigg.

Oregon's Official Vote.

Special to the JOURNAL.

SALEM, Or., July 2.—The official vote for Congressman in the recent election gives Hermann (Republican), 40,176, Miller (Democrat) 30,363, Bruce (Union) 2,856. The vote on Governor will not be canvassed until the meeting of the Legislature in January next.

Compromise Probable.

Special to the JOURNAL.

CINCINNATI, July 2.—The striking carpenters have agreed to work if the bosses are willing to give ten hours' pay for nine hours' work after July 15th. Of the 1,500 men unemployed about 1,000 will be able to obtain work.

Election of Directors.

Special to the JOURNAL.

SAN FRANCISCO, July 2—At an annual meeting of the stockholders of the Occidental & Oriental Steamship Co., the following Directors were re-elected. Leland Stanford, C F Crocker, Timothy Hopkins, W. V. Huntington and F. S. Doughty.

ELECTION BILL PASSED.

IT PASSES THE HOUSE BY NEARLY A STRICT PARTY VOTE —YEAS 155; NAYS 149.

Senate Proceedings—Kerr's Case Continued—A Righteous Verdict —President's Message.

House Proceedings.

Special to the JOURNAL.

WASHINGTON, July 2.—During the discussion on the Election bill McKinley said the people of the North would not permit two votes of the South to count as much as five votes in the North. [Republican applause.]

McMillan, of Tennessee, said the Republicans might, like madmen, grasp the pillars of the Constitution and pull down the edifice, but like Samson they would perish in the wreck. If he could register a wish in heaven he would ask not for extension of boundaries or multiplication of territory; not for flowing rivers and fertile fields, but that the man who laid violent hands upon the Constitution might drop lead as did the sacriligious Jew who laid impious hands upon the Ark of the Covenant. [Democratic Applause.]

Perkins, of Kansas, and Lafollette, of Wisconsin, made an eloquent plea in favor of the bill.

The hour of 2 o'clock having arrived the Speaker declared the previous question ordered on the bill and pending an amendment Springer moved to lay the bill on the table. Lost, yeas 148, nays 116. Springer changed his vote from the affirmative to the negative in order to move a reconsideration. This, upon motion of Rowell, was laid upon the table, yeas 153, nays 148.

The vote then recurred on Hemphill's amendment relative to the use of troops at the polls and it was rejected, yeas 145, nays 156. Springer (having voted in the negative) moved to reconsider. The motion was tabled. Springer moved to lay the bill upon the table, stating that his former motion was to table the bill and the pending amendment. The Speaker ruled the motion out of order. Springer appealed and the appeal was laid on the table, yeas 158, nays 146.

Springer (having voted in the affirmative) moved a reconsideration. The motion was ruled out of order. Springer appealed, but the Speaker declined to entertain the appeal. Springer protested but his voice was drowned in calls for the regular order from the Republicans. Springer moved to adjourn. Lost.

The bill was ordered engrossed and read a third time. Hemphill, of South Carolina, moved a recommital of the bill. Lost. Several other motions tending to delay the passage were made and lost.

The bill was then read and the question recurred on its final passage. As the call proceeded the Democrats cheered when Coleman and Lehlback voted against the bill and the Republicans responded when several Southern Republicans voted in the affirmative. The bill was passed—yeas 155, nays 149.

The House then adjourned.

Senate.

Special to the JOURNAL.

WASHINGTON, July 2.—Hiscock called up his motion to reconsider the vote by which the Senate yesterday refused to recede from the amendments to the Legislative Appropriation bill. After some debate the Senate receded from the amendments. The bill now goes to the President.

The Senate then proceeded to the consideration of the two Senate bills reported from the Committee on Commerce to place the American Merchants Marine engaged in foreign trade upon an equality with that of other nations and to provide for ocean mail security of service between the United States and foreign ports and to promote the service.

Frye said the first bill was a bounty on tonnage and the second was known as the Postal Subsidy bill.

Vest addressed the Senate in opposition to the subsidy bills. The effect, Vest said, of subsidizing any particular line was to discourage all others. Vest yielded the floor without concluding his speech and Frye said he hoped to have the Senate act to-morrow on both bills as he intended to call up the River and Harbor bill on Monday. He declared that unless Congress did something to aid American ships and that speedily, there would soon not be a single steamship line traversing the ocean carrying the American flag. The American carrying trade was dead for want of protection. It was the only great industry of which the same could be said. The people of the United States had paid fifty millions to keep alive the sugar industry of the United States. Six millions a year would revive the dead body of the American merchant marine and keep it on the ocean.

The Mark Hopkins Memorial Building Dedicated.

Special to the JOURNAL.

WILLIAMSTOWN, July 2.—The Mark Hopkins Memorial Building was dedicated to-day with elaborate ceremonies. The presentation address was made by F. L. Stetson, of New York, and the building was accepted for the students by H. G. Person, of the Senior Class, the first to occupy it. Addresses were also delivered by Professor Russell and by Horace E. Scudder. There were many distinguished visitors present at the exercises, including the best known educators of the State.

A Message from the President.

Special to the JOURNAL.

WASHINGTON, July 2.—President Harrison to-day sent to Congress a message transmitting a letter from Secretary Blaine upon the reports adopted by the Pan-American Conference respecting the postal and cable communication between the United States and Central and South America. In his letter the Secretary says in part: "Representatives of the countries commend the co-operation of the various countries for the establishment one or more subsidized lines of steamships between San Francisco and Valparaiso and intermediate points, each country to pay its share proportionate to its population. Between the United States and the ports of Brazil, Uruguay and the Argentine Republic it is recommended that a fast subsidized line be established and an auxiliary slower line between the United States and Brazil to stop at the minor points." The President in his message says "he cannot too strongly urge upon Congress the necessity of giving this subject its immediate and favorable consideration and making adequate appropriations to carry the recommendation into effect, and in this connection calls attention to what was said on the subject in his annual message."

They Want to be Admitted on the Fourth.

WASHINGTON, July 2.—The National American Woman Suffrage Association, through Jane H. Spofford, its treasurer, and the National Woman's Temperance Union, through Ada M. Buttenbender, its Superintendent of Legislation and Petitions, called upon the President to-day and asked him to sign the bill providing for the admission of Wyoming on the Fourth of July. The Wyoming bill provides for political equality, without distinction as to sex, and advocates women suffrage. They say that they desire to celebrate the Fourth of July in honor of this beginning in connection with the events for which the day is already commemorated. It is the intention to have the Wyoming and Idaho bills sent to Cape May Point, where the President will pass the Fourth, and request him to sign them there.

The Silver Conference.

Special to the JOURNAL.

WASHINGTON, July 2.—The confrees on the Silver bill met this morning and spent an hour discussing the differences between the two Houses. They separated at noon, having come to no conclusion. It is said there were three propositions presented for consideration.

The confrees adjourned to meet to-morrow. The House confrees brought to the meeting a copy of the bill that passed that body, and this formed the basis for whatever discussion that took place. A great portion of the time was spent in a general talk on subjects of no definite proposition before them.

A Righteous Acquittal.

Special to the JOURNAL.

REDDING, Cal., July 2.—The trial of Tom Young for killing Sam Tourton which commenced here on the 10th of June was closed to-night, the jury acquitting him. Public sentiment has been with Young who killed Tourton because of making an indecent assault on his 14-year-old daughter.

Proposals for Bids.

Special to the JOURNAL.

WASHINGTON, July 2.—The Secretary of the Navy to-day issued a circular inviting proposals for the construction of a cruiser of 7,300 tons displacement at a cost, exclusive of armament, not more than $2,750,000.

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels; are some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus overcoming the local symptoms removes the sympathetic effects of the disease, banishes the headache, and refreshes the tired mind.

Distress After Eating

Sick Headache

Heartburn

Sour Stomach

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness, or tired, all-gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla—took three bottles. It did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." GEORGE A. PAGE, Watertown, Mass.

The Curnow Case.

The Supreme Court has affirmed the decision and rulings of Judge Fitzgerald, of the District Court, in the Curnow case. The Curnows were indicted for murder in Eureka county. The death of the victim occurred some months after he was wounded by the Curnows, and the question having been raised at the trial as to whether his death was due to his wounds or other causes, the jury found them guilty of assault with intent to kill, and Judge Fitzgerald sentenced them to State Prison

Retained its Odor.

A curious case of retarded decomposition of a human body has been brought to light at Canterbury Cathedral. A tomb supposed to be that of Archbishop Hubert Walter, who died in 1204, was recently opened, when the body was found to be in an extremely offensive condition, giving off—after nearly seven centuries of entombment the unmistakable odor of decaying flesh.

STEWART'S VIEWS ON THE SILVER SITUATION.

He Thinks the Final Passage of Any Bill at This Session is Doubtful

"I am not very hopeful that any good will come out of the meeting of the conference committee on the Silver bill," said Senator Stewart this evening, "for I believe that the whole plan of the opposition to silver coinage is to play a waiting game and kill time. I do not know but it is the best, after all, to have the question settled by the people at the polls in the coming election."

"But, Senator, it is said by leading Republicans of the House that they will favor a compromise bill providing for the coinage of four and a half million dollars a month, with the notes based thereon a legal tender and redeemable in coin, the bullion redemption feature being eliminated. Would that not be a satisfactory measure?"

"Yes, that general proposition would be acceptable for the present to the silver men if the amount to be coined were four and a half million ounces instead of dollars. I think, however, that point may be conceded, and we would have such a bill but for those who control affairs in the House Speaker Reed is opposed to any such bill to please the silver men."

"I suppose we shall not have any meeting of the Conference Committee until Walker of Massachusetts returns?"

"No, and perhaps not then. What was Walker placed on that committee for, unless it was because he was absent from the city and to await his return would delay the progress of the bill just that long Then again, why did the Vice President make Sherman Chairman of the Senate conference instead of Jones? The gentleman in charge of the bill is generally made Chairman of the conference appointed upon it, but you see Jones in this instance has been ignored and Sherman put in his place. The Chairman can call a meeting of the Conference Committee just when he likes. Does it not look as if Sherman, who is opposed to silver, will be able, if he chooses, to delay action upon the bill and possibly prevent it from having any show whatever? Certain it is that to me the appearance of things is not favorable to any business being done If there had been a desire to bring about a speedy result, the conference would have been appointed promptly in the first place, and they would have settled down to business without delay."

Probably a Mistake.

J H. Hoegh, Deputy Internal Revenue Collector, for the State of Nevada, came in Tuesday from Eureka. His main business was to collect the fine of $819 assessed by the Internal Revenue authorities against Charles Matthews, of Panaca, for the alleged manufacture of malt beverages during the past eight or nine years. There seemed to be no alternative but to pay the money, and we understand it will be done though the general sentiment is that it is neither just nor right. The beer Matthews made was entirely for his own use, he being accustomed to it all his life, and was unfit for use by any one not accustomed to it.—Pioche Record.

The Record must certainly be mistaken. The Internal Revenue law does not prohibit a person from manufacturing malt liquor for his own use or for the use of his family. If he manufactures and sells it, however, without license, he is amenable under heavy penalties, upon four or five different charges, and if it can be proven that Mr Matthews has done this, he will be lucky if he gets off with a compromise fine of $819 But if he has never sold any of his brewery product, he will be extremely foolish if he pays the fractional part of a nickel, for he has been guilty of no violation of the law

Orange Blossoms

There was a quiet but notable wedding in Reno last evening. The high contracting parties were Mr. Frank Lewis, Agent for the N C & O. Railway Company, and Miss Jessie Finlayson, one of Reno's most esteemed and accomplished young ladies, and a central figure in our local society circles. The ceremony took place at the residence of the bride's mother on Lake street in the presence of a few relatives and friends of the groom and bride. Rev. Mr Magill, pastor of the Congregational church, was the officiating clergyman. Soon after the ceremony the happy couple left on the evening west bound train to spend their honeymoon at Capitola, California. There was quite a gathering of friends at the depot to see them off, and the JOURNAL joins with them in wishing the newly wedded pair a joyous honeymoon and a prosperous voyage upon the matrimonial main.

A Runaway.

Just after dark last evening the explosion of firecrackers frightened a horse that was attached to a buggy and hitched to a post in front of W O H Martin's store on Commercial Row Breaking the halter, the animal dashed furiously up the row to the corner of Virginia street where the buggy struck against a telegraph pole completely wrecking the vehicle The horse continued his course up into the Western Addition where he was finally stopped The animal was not injured but the buggy was completely demolished. The rig, we understand, belonged to the Wieland brewing establishment.

Production and Consumption of Silver.

The London Statist estimates the consumption of ounces of silver as follows Arts 20 000,000 ounces, European and other countries, taken for coinage, 20 000,000, taken for India, 30,000,000; taken for China, Japan and the East, 10,000,000. Purchased by the United States Government, 30,000,000. Total, 110,000,000. The total production at the present time is 180,000,000 ounces.

W. C. T. U.

Yesterday morning's session was spent in balloting for officers, and the following were elected for the ensuing year: State President, Mrs. Van Deventer; Corresponding Secretary, Mrs. Norcross, Treasurer, Mrs. Crawford, of Carson, Recording Secretary, Mrs. Latta, of Carson.

Lunch was served in the church basement by the ladies of the W. C. T. U.

The convention was called to order again at 2 o'clock, and Mrs. Wells gave a very interesting address on the plan of work in the W. C T. U.

In the evening Mrs Wells delivered a lecture at the Baptist church which was well attended, and the discourse was listened to with great attention and interest by the audience.

The several Republican County Central Committees will call a

Primary Election

—Of the People on—

SATURDAY, AUGUST 16, 1890,

For the purpose of electing delegates to the said State Convention the Primary Election to be carried out in compliance with the laws of the State and the instructions of this Committee

The following test will be required of each and every voter at the said Primary Elections

"I am a citizen of this State and will support the nominees of the Republican party"

The following resolutions were unanimously adopted

Resolved, That this committee reaffirms the State and National Republican platform of 1888, including the declaration that 'the Republican party is in favor of the use of both gold and silver as money' and that it "condemns all efforts to demonetize silver"

Resolved, That the persistent neglect of Secretary Windom to increase the coinage of silver to the maximum of four million dollars per month, coupled with his attempt to influence Congressional legislation so as to perpetuate silver demonetization, is a shameless violation of the silver plank of the National Republican platform, an attack upon the rights and interests of the miners, farmers and workers of the land, and an act of party perfidy that should call for his retirement from the councils of an Administration which is pledged to help and not to hinder the remonetization of silver

Resolved, That the Republican party of this State is in favor of free and unlimited coinage of both gold and silver that it holds to this principle as a tenet of party faith and a test of party allegiance, that it will permit of no abandonment or modification of this doctrine, that let whosoever will prove recreant to the principle of bimetallism it will remain steadfast thereto and that it invites all voters in Nevada who favor the repeal of the iniquitous interlineated law of 1873 by which silver was demonetized, and who desire the establishment of free and unlimited coinage as the law of the United States of America, to join in electing delegates to a Republican State Convention
